Dear Co-Laborers,

We are blessed to be involved in teaching and training in our Christian schools. With the passing of the Big Beautiful Bill in Washington, D.C., we have hope in seeing some kind of Education Scholarship Grant even in Michigan. There is at least a crack in the door that we have not had in the past. More than ever, we need to pray.

We also need your support for MACS. Your membership is so very important as we promote Christian Education today and for the future.

Please continue to pray for Dr. Schmig as he represents and lobbies for us in Lansing and D.C. Thank you again for your continued support. I am looking forward to seeing you for our Christian Educators' Convention.

God bless you and your school.

In Christ,

Dr. Douglas R. Jackson
